0:07:59 – Letter from Einstein to Roosevelt;
0:08:25 – Chief Designer Khariton Y.
0:12:10 – Moscow, Kremlin, Kurchatov’s laboratory;
- 0:14:53 – Nazi- physicists, schemes;
0:15:38 – Poland, Hitler’s den – Wolfshanze;
0:17:09 – death camp “Dora Mittelbau”;
0:17:16 – death camp’s prisoner Kovalsky F. telling about himself;
0:18:02 – underground rocket plant;
0:18:45 – fascism victims’ Memorial;
0:19:55 – The Second World War, fires in London;
0:20:19 – photo: physicist Bor N;
- 0:21:25 – American poster “We colonise the space”;
0:22:53 – scientists- physicists: Erit K., Dannenberg K., Ceplarush E;
0:24:40 – laboratory; Roosevelt’s funeral;
0:28:00 – Potsdam, Heads of States of USA, USSR and Great Britain at the Conference, 1945;
0:28:52 – atomic explosion in Hiroshima;
0:30:08 – photo: Khariton Y., Kurchatov I., Zeldovich Y;
0:31:07 – Kurchatov’s house;
0:32:53 – bomb test at the Semipalatinsk test site on 22.08.1949;
0:34:02 – photo: thermonuclear bomb’s inventor– Teller E;
0:34:27 – Academician Sakharov’s A. Speech in USA;
0:36:52 – article in the newspaper about thermonuclear bomb tests in USSR in 12.08.1953;
- 0:37:10 – test site for bombs’ tests;
0:37:47 – Beriya’s house;
0:41:19 – Baikonur;
0:41:33 –the first Earth satellite launch in 1957;
0:57:14 – Air Force Academy building in the USA;
0:57:57 – rockets carrier “Energiya”, spaceship “Buran”;
1:00:47 – American scientists from Los-Alamos base;

1:02:58 – laser gun's inventor – Khagelshtein P;
1:04:12 – laser gun's test in underground;
1:04:46 – the end.

4. Black box. Code 11589

TV program
From series "Black box"
Propaganda's main centre 1992

Runtime	Number of tapes	Tape formats	Colour	Sound
0:30:00	1	Q-Secam	colour	mono

The program is about history of atomic bomb invention in USSR and conflict about nuclear weapon between Soviet Union and USA.

In programme: Academician, three times Hero of Socialist Labour Y.B.Khariton; Professor, Laureate of four Government Awards, holder of six Orders of Lenin, Chief Designer VNIIEF S.G Kocharyanc; Professor Y.A.Romanov; Academician A.I.Pavlovsky; Ministry Defence of Russia representative A.K.Borodin; Academician Y.A.Trutnev; Academician E.A.Negin.

(0:01:30 – program title;
0:02:05 – title: "Black box"; documentary: (50s XX century): test site plan, nuclear bomb explosion;
0:03:01 – title: "Story about invisible city"; street in Arzamas-16 city, people crossing motorway; computer, fixing satellites-spies;
0:04:10 – documentary: (50s XX century): atomic bomb assembling in warehouse plant; bomb on parachute on 4.000 meters high, timer, counting seconds until explosion, -explosion; pilot on the plane, dropping bomb; Serafim Sarovsky's sculpture; photos of tsar family visiting St.Serafim's grave;

0:05:31 – cross on St.Serafim Sarovsky grave;
0:08:14 – title: "Autumn 1942. Y.B.Khariton memories", car approaching gates, big table with the green tablecloth in the middle of the hall; documentary (The Second World War): topographical maps on the table, house ruins, battle, "Katusha" and cannon blizzards;

**RussiaTeleRadio Worldwide
Limited**

0:09:28 – Academician Y.B. Khariton in the car, guard at the gate; pass control; military radio station, group of servicemen and scientists strolling and talking in the park;

0:12:04 – Kocharyanc talking about his forced move to Arzamas-16 by CPSU Central Committee order, and about how he wanted to resign two times, but wasn't allowed;

0:13:32 – Y.A.Romanov's speech: there was a team of specialists in different fields established at the Institute and thanks to the efforts of designers, experimentalists, theorists and mathematicians the atomic was invented;

0:13:58 – A.I.Pavlivsky talking about his working day schedule;

0:14:31 – A.K.Borodin's speech: thanks to Security Forces Institute unprofitable deal with American partners had been prevented; Academician Y.E.Trunov talking about fake information in "Novoe vremya" newspaper, telling about USSR and American specialists collaborative work, about selling government secrets cheaply;

0:15:13 – E.A.Negin talking about huge sense of responsibility of Institute workers; Academician Y.B.Khariton approaching house entrance, Y.B.khariton in his office;

0:17:03 – photos of Y.B.Khariton and P.M.Zarnov; Y.B.Khariton is reading, photo of Khariton and Academician Kurchatov;

0:19:04 – Y.B.Khariton making a speech: it is not true that all the knowledge about nuclear weapon had been received from Intelligence Service's specialists. There is a proof that USA finished their nuclear weapon's testing back in 1954; USSR – in 1955; doc.(1940s of XX century): scientists in a plant warehouse, military car with protective cover, taking off plane, bomb's dropping, nuclear explosion, subtitles: "50-megaton hydrogen bomb's testing. First time published"; mushroom cloud of nuclear explosion;

0:21:53 – doc. (1955): solders in uniform are sitting in an armoured troop-carrier, field before explosion, field after explosion – burning soil, entrances to underground shelters are destroyed;

0:22:50 – Y.A.Romanov making a speech: our country will be saved from all the conflicts with this kind of weapon's existence;

0:23:48 – S.Kocharyanc making a speech: we produced not the bomb only, but other kinds of nuclear weapon: rockets with the nuclear cartridge, mines, - today American specialists confess that our scientists are far ahead in the magnetic field researching; nuclear installation, nuclear explosion; two men in a cabin lorry carrying a bomb, serial number on a bomb;

0:28:30 – A.K. Borodin and Academician Trutnev talking about intellectual copyrights;

0:29:34 – Cross procession/procession with a cross; Archbishop Alexiy II; memorial plaque on a house wall, where Academician Saharov lived)
