Authors: A.Tikhomirov, A.Galkin

Director: N.Levitskaya

Camermen: V.Efimov, V.Pankratov

Documentary about the preparation for the international Soviet-Indian flight into space with USSR astronauts G.Strekalov, Y.Malyshev and Indian astronaut P.Sharma.

01:30 – 04:25 photographs of Y.Gagarin and his words about the flight into space by India's representative; sculptured images of Indian deities, symbols of the sun on the doors of temples, these same symbols on astronaut space suits; moving the of the platform and rocket toward the launch pad;

04:26 – 06:15 – Soviet space official V.Shatalov introduces members of the team to the press; short remarks from Y.Malyshev, N.Rukavishnikov, A.Grechko, R.Sharma, R.Malkhotra; the story behind the emblem pictured on astronaut spacesuits;

06:49 – 10:30 – the rotating capsule, training the team on the Black Sea – landing on water and evacuation from the landing apparatus, in the swimming pool in astronaut space suits;

10:31 – 11:23 - astronauts in the Aivazovskoe museum in Feodosi, seeing the pictures;

11:24 – 15:30 – visual observations in the cockpit of the trainees; a map of the Earth shot from space; pictures of Rerikh; astronaut R.Malkhotra prepares for "going up" in the pressure chamber;

15:32 – 16:26 – newsreel of the take-offs of the three Indian satellites 1975 – 1981

16:28 – 21:04 – planetarium in Delhi; globes; rotating apparatuses; photographed: the opening ceremony with the participation of I.Gandhi; the streets of the city; conversations between journalists and locals in the city;

21:05 – 25:32 – winter landscape; Indian astronauts going past in hats and coats; astronauts sitting exams; astronauts Y.Malyshev, G.Strekalov, R.Sharma working on the "Salut" module: they are conducting observations, testing connections, and have dinner;

25:33 – 29:44 – car going along the streets at the time of the visit to India of USSR Defence Minister D.Ustinov: a visit to the plane building enterprise, conversation with the hospitable, smiling Indian hosts, walking through crowds, visiting the "Defence of India" memorial, the eternal flame, tablets to those who died in honour of the country;

29:45 – 31:45 – astronaut G.Strekalov talks about his motherland – the Volga; the Volga countryside; 31:49 – 34:52 - training members of the team for the central post on the "Salut-7" station; training on the running track, R.Sharma in the lotus position/one of the experiments in orbit dedicated to Yoga.

34:53 – 40:23 – Indian memorials; old temples and palaces, the stone on the slope of the "Makhabolipurami" hill, in balance; R.Sharma talks about his motherland and relatives, about driving through the main streets in the region of Jalalabad, his school, biographical material; conversations with the residents of the city and parents of Sharma;

40:24 – 46:34 – again training; the docking moment in space; animation of the flight of the orbiting station; one of the relatives of R.Sharma playing on the national "satari" instrument;

46:35 – 51:47 – the final conclusions in the montage workshop; astronauts exiting the space module in the hangar, the report of Y.Malyshev on the complex training; (answers from the astronauts to Leoniv's questions "Tired...?"; thanks R.Sharma for the letter;

51:48 – 53:44 – shots of Moscow: astronauts on Red Square and in Lenin's Mausoleum;

53:45 – 56:07 – flying to Baikonur: the wings of the plane in the sky, wishing good luck to the Indian astronaut and the question of the mark on the forehead; flags of the USSR, India and Russia; the platform with the rocket being moved to the launch pad, rocket on the launch pad;

2)

Two Quarters of the Century

1985

About life career and the 50th Jubilee celebration of the Hero of the Soviet Union, cosmonaut German Stepanovich Titov.

Length: 0:27:16

Number parts: 3

16mm

Colour

Writer: A.Tikhomirov

Director: S.Vasileva

Camera operator: V.Akhnin

Part 1: Control Centre; launch of the rocket; the space ship on the monitor screen in the control centre; G.Titov in the Control Centre; 1961 G.Titov in the space ship during landing; in the cockpit of the space ship; Earth from the window of the space ship; people running toward the place where the spaceship has landed; G.Titov in his parachute on Earth; greeting people from the gangway of the space ship; celebrations on Red Square; Y.Gagarin and G.Titov stand on Lenin's Mausoleum; G.Titov giving American journalists an interview; G.Titov and his youngest daughter and wife watch the interview at home; Titov at the Control Centre in Baikonur; G.Titov on board a military ship; the streets of Leningrad; photographs – G.Titov with his officer/friend, Titov in a car on the streets of Leningrad;

Part 2 – the streets of Leningrad; G.Titov training; reading poetry in the pressure chamber; G.Titov's father Stepan Pavlovich talks about the history of their family; a portrait of the A.Toporov, founder of the "Altai communes"; photographs of the members of the commune, the uncle and father of G.Titov, a young S.Titov with a violin, the mother of the astronaut in her youth, A.Toporov and a student playing on the violin; talks about G.Titov; the landscape of the Altai Territory, photographs of G.Titov as a cadet, of father and son Titov and A.Toporov; G.Titov and the first head of the Centre for training astronauts E.Karpov take a walk in the forest;

Part 3: G.Titov and E.Karpov on the banks of the Klyazma River; E.Karpov and G.Titov talk; photographs: G.Titov in summer uniform, hunting as a child; in his hockey kit with trainer A.Tarasov, with this wife; photographs of G.Titov in an astronaut space suit, the plane taking off, photographs – G.Titov by the plane in summer helmet;

3)

Twelfth of April

1992

This programme, devoted to the Cosmonautics Day, talks about Y.A. Gagarin's years of study at the Zhukovskiy Air Force Engineering Academy and explores the question: "Why didn't we fly to the Moon?"

Writer: A. Galkin

Director: Y. Salinikov

Colour

Audio: Mono

Length: 0:27:55

Number of Rolls: 1

Format: Q-Secam

0:01:40 – A. Galkin interviews passers-by on the streets of Moscow, the pavilion at ENEA.

0:04:44 – Various shots of the Zhukovski Air Force Academy; shots of students (including Gagarin), Gagarin in the classroom; S. Korolevin and Gagarin talking; S Korolev speaks at a rally.

0:05:32 - Academy Professor Major General S. Belotserkovsky talks about Gagarin's education at the academy.

0:06:40 - a mock-up of the Soviet spacecraft "Buran."

0:11:17 - The moon;

0:12:09 – The landing of U.S. astronauts on the moon, July 20, 1969, and the placing of the American Flag.

0:13:38 - Vladimir Mishin tells the story of the struggle for supremacy against the Americans in the mission to the moon, and the need to explore outer space.

0:15:05 - The take-off of the American spacecraft Apollo -11 (filmed from above);

0:16:44 - Abandoned structures at Baikonur (launch site).

PO Box 1295, Sterling House, 20 Station Road, Gerrards Cross,

Buckinghamshire, SL9 8EL, England

Company Registration No. 3959917

VAT Registration No. 780 6553 11

0:16:44 - Training the Soviet astronauts at sea;
0:16:58 - Baikonur (filmed from a helicopter);
0:17:07 – Shots of a unsuccessful skyrocket launches;
0:17:28 - Mission Control Center in Korolev, Moscow region;
0:18:41 - World space station against the backdrop of the Earth's inner space station, astronauts working and resting;
0:22:57 - Plants and insects in zero gravity;
0:26:00 - Preparing the astronauts to fly into space;
0:27:02 - A spacecraft docking at the World space station;
0:27:48 – View of the Earth from the window of the World space station;
0:29:05 - Discotheque at the pavilion at ENEA

Director: N.Levitskaya

02:10-05:25 – Star City: J.-L.Chrétien plays the organ in a moment of relaxation; astronauts V.Dzhanibekov, A.Ivanchenkov and J.-L.Chrétien watch the launch of a rocket at Baikonur – applaud the successful launch: astronauts go past in a bus

05:40-07:24 – shots of Paris with the Eiffel Tower; training for cosmonauts with centrifugal speed in the medical centre in France;

07:25-09:05 - J.-L.Chrétien and P.Bodri doing their exams in Star City; first to answer V.Kubasov's question is J.-L.Chrétien in broken Russian;

09:06-11:38 - J.-L.Chrétien going down the main street in Star City; the statue to Y.Gagarin; A.Ivanchenkov and V.Dzhanibeko go down a different alley; J.-L.Chrétien with his son at the Moscow Circus;

11:39-12:38 – the cosmonauts are present at the assembly of the Salut-7 orbital station; observe the work underway on putting together the device;

12:39 – 15:02 – training on the Black Sea to help in saving the cosmonauts in the event of a water-landing; the astronauts before a water-landing; Y.Malyshev with a signal rocket and the second team of astronauts – L.Kizim, P.Bodri and V.Soloviev on the boat; the rescue of the astronauts from the surface of the water;

15:06-15:52 – astronauts in the A.Grin Museum in Feodosiya; the exhibits

15:53 – 16:27 – medical check-ups on Y.Malyshev; cosmonaut taken from preparation for the flight;

16:28 – 19:07 – a few moments rest; a chat by a fire at night; V.Dzhanibekov talks about sport and training to become an astronaut

19:08 – 26:33 – training at the Centre for preparing cosmonauts; J.-L.Chrétien in the centrifuge, working with the instructors, classes; the assembly workshop for the orbital station at Baikonur: inspection of the Salut-7, getting familiar with the equipment – buttons, screens, boards;

26:34 -27:25 – shots of Moscow, streets, the embankment, the Kremlin, sunset;

27:26-28:55 – bidding farewell to the team members of the Soyuz T-5 A.Berezovsky and V.Lebedev; last moments on earth;

29:38-32:02 – tasting the space meals: J.-L.Chrétien and P.Bodri unseal the bread and try the different foods; commentary about the taste;

32:03-34:25 – interview in Star City with general-colonel G.Baidukov about living in France in 1931 and M.Gromov and about the people of the USSR and France's friendship;

RussiaTeleRadio Worldwide
Limited

35:19-36:54 – visit by the astronauts to Mission Control: they enter the building, go up the stairs, the meeting is about A.Berezovsky and V.Lebedev who are in space/only radio/;

36:55-39:45 – astronauts relax with their spouses and children in the after-work sanatorium at Ruzky reservoir just outside Moscow City: walking around the outskirts, recording of birds singing, fish being barbecued after being caught earlier from a boat;

39:48 – 42:01 – astronauts watch a video cassette sent from France with a recording of a song by F.Lemarque and bidding them farewell before their flight;

42:02 – 44:33 – passenger plane in the air; V.Dzhanibekov; faces of the astronauts sleeping on board; the view of Moscow and Paris from above;

44:34-49:49 – flags of the USSR, Kazakhstan Socialist Republic, France; the final stage of training the astronauts; trying on the space suits; training; V.Dzhanibekov prepares the pre-flight wall newspaper "Apogee" and gives an interview to A.Tikhomirov about the upcoming flight; P.Bodri in an adjustable chair; medical check-up on J.-L.Chrétien; the astronaut watches on the screen the beating of his own heart;

49:50-51:54 – shots of the countryside; dawn; the rocket delivery system and the Soyuz T-6 slowly taken to the launch pad.
